Class Activity: Using Kahoot, the class will answer questions on this module

Module 2 - Content Marketing

Content is at the core of all Digital Marketing activities. In this course, you learn how to plan your content marketing, how to develop content that works well for your target audience and a local context, and how to measure its impact. You will learn Social Media Marketing hacks like Trendspotting, Viral Marketing and how to leverage Digital Trends for campaign success

Key Learning Outcomes

- Storytelling & Copywriting
- Content Plan Development
- Social Media Management
- Influencer Marketing
- Trendspotting, Viral Marketing & Empowerment Marketing

Module Activity

You will develop a content plan for different online assets like websites & social media platforms

Module 3 - Social Media Management

The evolution and adoption of Social Media in mainstream media and modern culture has made social media one of the most important platforms for marketing in the Digital Era. As a brand and marketing specialist, it is important to understand how to use social media for brand growth. In this module, you will learn more about the main social media platforms (Facebook, Instagram & Twitter), how to manage your social media presence, and how to create effective content for each platform.

Key Learning Outcomes

- Insights on Social Media
- Developing strategies for Social Media marketing on Facebook, Twitter & LinkedIn
- How to Build a Social Media Calendar
- Social Media Guidelines
- Content Marketing

Module Activity

You will develop a social media strategy, guideline and content calendar for BrandX

Module 4 - Email Marketing

Email is an effective marketing channel, especially at the conversion and retention stage of the customer journey. In this course, you learn how to create an email marketing strategy, create and execute email campaigns, and measure the results.

Key Learning Outcomes

- The AIDA Strategy
- Email Marketing Success Metrics
- Building an Email Database & Lead Magnets

Module Activity

Setup and execute a successful email campaign with MailChimp

Module 5 - Search Engine Optimization (SEO)

Search engines are an essential part of the online experience. Learn how to optimize your search engine presence through on-site and off-site activities, including how to develop your target keyword list, optimize your website UX and design, and execute a link-building campaign

Key Learning Outcomes

- On-page and Off-page SEO
- Link Building
- Keyword Research
- Inbound Marketing

Module Activity

You will audit BrandX website and recommend actions to optimize its ranking in search engine results. You'll also develop a target keyword list, evaluate the design and User Experience of the site, and recommend on-page and off-page SEO activities for BrandX.

Module 6 - Web UX for Marketing Acquisition & Conversion

You will learn how your site User Experience can help improve conversions and leads. Site Layout, Navigation, font size, color mood are some of the key UX qualities we will be observing. You will learn how to set up your site for success and understand the site UX basics from a Digital Marketer's Standpoint.

Key Learning Outcomes

- Review best practices of digital marketing UX.
- Explore how on-site marketing works and the ways to optimize those efforts.
- Evaluate the design, functionality, and effectiveness of landing pages.
- Develop landing pages and forms for your business.

Module Activity

Design a wireframe and Mood Board for BrandX

Module 7 - Pay per Click Advertising (PPC)

An integral part of the Digital Media mix is Paid Media. It helps give you the quick push you need to get your brand in front of your target audience and amplify the reach of your marketing content. It is vital as a Digital Marketing to understand how to run a media buying campaign so as to make effective use of your Marketing Budget. We will focus on how to leverage the right media channels and platforms and develop content that converts on these platforms.

- Launching a Paid Search Campaign
- Managing a Paid Search Campaign
- Measuring a Paid Search Campaign
- Reporting for Paid Search Campaigns
- Media Planning & Budgeting

Module Activity

Setup, Run & Optimize a Facebook & Adwords campaign for BrandX

Module 8 - Digital Display Advertising

This module talks about Display and Video advertising and demonstrates how to set up and manage a YouTube channel. It covers the ad formats available with the Google Display Network and YouTube and shows how to set up and manage Display and Video campaigns. It also explains how to apply audience and contextual targeting, exclusions, remarketing, and bid adjustments to target Display and Video ads at the right audience.

Key Learning Outcomes

- The Evolution of Digital Media Buying - Programmatic, Direct Buying, DSP's etc.
- Creating Display and Video Campaigns
- Display Advertising & Campaign Optimization
- Targeting, retargeting and measuring your Display & Video Ads

Module Activity

- Setup, Run & Optimize a Facebook & Adwords campaign for Brand Arc

Module 9 - Data Analytics & Reporting

The beauty of Digital Marketing is all(almost)marketing effort can be tracked down to the last Naira! We will be showing you here how to track actions that happen online and how it impacts your business. In this module, you will learn how to use Google Analytics to evaluate your audience, measure the success of your acquisition and engagement efforts, evaluate your user's conversions to your goals, and use those insights to plan and optimize your marketing budgets.

Key Learning Outcomes

- Draw Insights & Make Business Decisions from Marketing Data
- Setup and apply the basics of Google Analytics, including core concepts like Goal Tracking, and micro and macro conversions.
- Aligning Business & Marketing Objectives with Analytics
- Preparing reporting Dashboards

Module Activity

- Develop a Business-Marketing KPI's mapping for BrandX
- Create a Reporting Dashboard from Adwords & Facebook campaigns for a BrandX

Module 10 - Digital Marketing Strategy

In this module, we will give you a framework to help you understand marketing at the fundamental level. We take a look at Digital marketing in both B2C and B2B contexts and how to develop a great creative strategy that sells.

Key Learning Outcomes

- Creative Strategy

- Digital Marketing Strategy
- Understanding your Product/Brand
- Understanding your Consumer
- Map out USP's and Objectives
- Digital Marketing Media Mix - Paid, Earned & Owned Media
- Setting Objectives & KPI's

Module Activity

In this second module, you'll prepare for your new role as a Digital Marketer. You'll market a B2C or B2B product, summarize the business model of a fictitious BrandX, articulate the marketing objective, and develop a target persona for the product you choose to market. The BrandX will be used to execute the consequent Module projects.

Module 11 - Pitch Day

Complete Digital Marketing plan worked on will be presented by all candidates.

PROGRAM DETAILS

Our foundation course gives a rich blend of learning which entails;

1. Instructor-led learning

This would be for a time span of 6 weekends, Saturdays & Sundays

2. Online learning and Certificates

Within 1-4 weeks after the physical class, trainees are expected to complete any of the Google certification programs from the [Google academy](#) and take the exam. Certification can be in any of these courses - Search, Video, Display, Measurement or Google ads **except Shopping**.

3. Certification and Graduation ceremony

A month after class, trainees get a Haptics certificate in Digital Marketing at the end of session graduation ceremony.

HAPTICS INTERNSHIP PROGRAM (HIP)

C.V and the profile of selected candidates will be reviewed for an internship position in Digital Marketing firms across Nigeria after graduation ceremony.
